## Funeral Home

& CREMATION SERVICES

We at Hamilton Funeral Home are proud of the services we provide and the commitment we make to keep the community safe as we continue to celebrate the lives of those we love. As we continue to deal with various regulations know our mission does not waiver.

Hamilton Funeral Home is proud to have professionally served our community during the novel coronavirus (Covid-19) pandemic. As you have seen, we pride ourselves on being transparent and therefore want out outline changes to our current environment:

- We continue to respond, as needed, in a professional, compassionate, and timely manner.
- We have always made all necessary arrangements for services. For those not comfortable meeting in person, we offer an online collaboration center, video conferencing via Zoom, phone conversations, and email communications.
- Our office remains open and any needs that require a meeting can be scheduled by calling David at the funeral home.
- We have implemented new technology and are offering alternate means for extended family and friends to be part of any future services. Online live streaming, scheduled webcasting, and off-site recording, along with our website's centralized tribute wall will assist in connecting with others.
- Per the governing entities, it is important to know that holding public services now is both possible and encouraged. While the number of attendees is no longer limited, social distancing is still encouraged.
- Receptions are now allowed, with food and beverage possible in gatherings limited to a certain size.

As we come to understand what these changes mean to funeral care in the weeks and months to come, please know that we will continue to serve you with the dignity, honesty, integrity, and respect you deserve. As always, we appreciate your trust in us. Please feel free to contact us with any questions or concerns at 507-532-2933.

Sincerely,

**David and Elly Sprik**
